

Elementary Classroom Parties 2026-2027

Excerpt from Family Handbook:

“Room parents work with the teacher to organize three holiday parties each year: Halloween, Winter, and Valentine’s Day. All elementary buildings will follow the same menu for each party. The items on the menu follow the Nut-Free Snack List and are the only food items allowed into classroom parties. When planning games and/or prizes, please make sure food items are not part of the activity. This will help eliminate any food allergy issues.”

Safety/Security: (per recommendations from the Parent-Staff Safety Advisory Committee)

- **McD, EH, EWIS:** 3 parents plus the head room parent (4 total) allowed at each party. If parents are not on the list, they are not allowed into the building. Also, we strongly discourage bringing siblings because it defeats the purpose of the parent coming in to help with the parties!
- Teachers encourage parents to only sign up for one party during the year in order to give as many parents as possible a chance to volunteer.
- If all parent slots are not filled, the head room parent will reach out to parents again to fill remaining spots.

Food

All elementary buildings will follow the same menu for each party. The items on the menu follow the Nut-Free Snack List and are the only food items allowed into classroom parties. When planning games and/or prizes, please make sure food items are not part of the activity. This will help eliminate any food allergy issues.
